To Whom it may concern,

I'm writing this letter of recommendation for Toni Seawright.

I have known her for over 20 years. I know her to be a woman of extreme integrity she is someone who is talented on so many levels an incredible musician with an outstanding voice, a song writer and actress.

It's not surprising that Toni Seawright was the first African American to become Miss Mississippi in 1987.

Toni has an incredible work ethic and truly cares about others she is the first one to always lend a helping hand.

I also lived downstairs from Toni over 20 years ago so I guess I know first hand how she lives when your a neighbor you tend to know exactly how respectful a person is especially when you live downstairs (brownstone living).

I could not have asked for a better neighbor and now proud to call her my friend she is just one of those people in life you come across and you never lose touch with her because she leaves a lasting impression!

Any questions about her feel free to call me I'm proud to know her and absolutely honored to tell anyone about her strong character her wonderful positive personality and she is a gem of a human being!

All the very Best,
